ARDEN MULTI-ACADEMY

ARDEN MULTI-ACADEMY TRUST – OPERATIONAL DEVELOMENT PLAN

Our vision is to create an atmosphere conducive to generating self-belief, self-worth, self-esteem and self-confidence in young people who can then display ambition and aspiration in achieving high educational outcomes.

Approved by Trust Board December 6th 2022.

Introduction

The Trust has seven key areas of focus which drive the Trust Operational Plan 2022-24, inform individual School Development Plans (SDPs) in each academy and support external funding bids. This ensures consistent reporting and monitoring across the Trust.

Our seven key areas are summarised below:

<u>Leadership and Management</u> – we drive continuous improvement of leadership, at all levels, within our academies, with the expectation of strongly "Good" with growing evidence of a high percentage of "Outstanding" leadership. CPD, retention, recruitment and succession planning programmes.

<u>Outcomes for pupils - Standards of Achievement and Progress</u> – we support and challenge our schools to focus on raising achievement for all our learners so that all key measures are rapidly improving to at least nationally expected standards with many schools achieving outstanding results, which are well above national standards. We also work to ensure the highest possible standards of education at Post-16 which is enhanced with enrichment activities and outstanding preparation for the next level of education or for the world of work.

<u>Teaching, Learning and Assessment</u> – we pay unrelenting attention to classroom practice and pedagogy to ensure teaching is strongly "Good" with many areas of "Outstanding practice" so that our learners can achieve and make excellent progress in our schools. The Quality of Teaching and Learning across the trust must ensure our children overcome any barriers and access a rich well- balanced curriculum – our aim is to raise a love of learning through excellent teaching.

<u>Personal Development, Pastoral Care, Behaviour and Safeguarding</u> – we provide high standards of pastoral care and support of children and young people in all our schools so attendance and behaviour for learning is consistently "Good" or better with outstanding safeguarding practices. We must ensure our students will be safe, develop character and positive relationships enabling each individual to develop into strong independent adults. We demand the highest standards of behaviour across our trust.

<u>Community and Parental Engagement</u> – we develop our schools so that they are very popular, often oversubscribed and the first choice for parents in our community. Parents and the community have a clear understanding of and high satisfaction levels of the Trust and the significant role it has in improving the quality of education across our area.

<u>Effective management and trust services</u> – we commit to ensuring the Trust is well led and managed, rigorously held to account by the Trust Board, with effective services for our schools which provide value for money. Budget targets are met each year and the Trust has the financial capacity to support school improvement using the Trust Development Fund.

<u>Governance and Quality Assurance</u> – we ensure high quality Governance across the Trust which require that leaders are accountable, challenged and supported. The Trust has effective quality assurance processes in place and an annual programme of external reviews that affirm its effectiveness.

Note – This document addresses schools who may join or work with us as well as those formally confirmed as Academies within our Trust. We consider these words to be interchangeable, hence references to schools includes Academies.
